

Daniel Tuffin

Managing Director/Engineer

Education

B.Eng (Mining) (University of Ballarat)
B.Sc (Mining and Engineering Surveying) (WA School of Mines)
Dip. Project Management (Leadergroup)

Professional Societies

Member Australasian Institute of Mining and Metallurgy

Relevant Employment Record

Managing Director, Auralia (Present)
Director (2008 – 2009)
Consultant Engineer (2006 – 2008)
Underground Mining Engineer, Barrick (2005-2006)
SMP Projects Engineer, Barrick/Placer Dome (2003-2005)
Production Engineer, Auriongold (2002-2003)
Mine Surveyor, Goldfields Ltd (2000-2002)

GMP Skills

Whittle (Expert)
Surpac (Advanced)
Datamine (Advanced)

About Daniel

Daniel moved into the realm of mining engineering consulting in 2006, after spending time in Kalgoorlie working in various roles including Mine Surveyor, Production and Projects Engineer (SMP Fleets), Alternate Pit Superintendent, and Alternate Haulage Supervisor at the Kundana, Paddington and Mt Pleasant mine site areas. Although the bulk of Daniel's experience has been in gold, he has also spent time on Iron Ore sites in the north west of Australia, including Pannawonica, Tom Price and Marandoo.

Daniel's strengths lay in quality management and technical reporting. Daniel also brings a wealth of Kalgoorlie open pit gold mining experience and a strong knowledge of Surpac, Whittle and Datamine software to Auralia Mining Consulting.

Consulting Task History

Anglo Australian Resources Conceptual Mining Study, Onedin
Barrick Gold Varying Levels of Mining Studies, Mt Pleasant and Ora Banda Regions
BHP Ravensthorpe High Level Mining Review
Carbon Energy Optimisation and Financial Modeling, Laverton Region
Care Minerals Mining Studies, Myanmar
CBH Australia Sorby Hills Mining Study
CGA Mining Masbate PFS and BFS. TSX Reserve Statement and Sign Off. Mkushi Mining Study
Crescent Gold Fish, Euro and West Laverton Pits. Optimisation, Design, Scheduling & Training
Denison Mines Mutanga Uranium Project. PFS and BFS
Emeco Fleet Cost Review; Internal Review
Ferrowest Pit and Dump Designs, Yalgoo Project
Glengarry Resources Maitland Copper Project Sale Mining Study Review
Hurricane Energy Test Pit Study
Iron Ore Holdings DoIR PMP, Mining Financial Model
Kimbo Mining Plc Itetemia Optimisation Works
Link Resources Due Diligence, Paddington Project
Mano River Resources Financial Model, Project Mining Engineer, Mining Reserve
Mantra Resources Mkuju River Scoping Study; Pre-Feasibility Study Works
Meteoritic Resources Harrods South and Central Conceptual Mining Studies
Midwest Corp Optimisations, Design and Scheduling
Nickel Ore Cangrass Mining Study and ASX Reserve Statement
Nordic Mines Laiva Project BFS. OMX Reserve Statement (JORC Comp.) CP Report Signoff
Norton Gold Fields Varying Levels of Mining Studies, Paddington and Kundana Area's
Omega Corp Pre-Feasibility, Mine Optimisation
Padaeng Industry Optimisation/Training. ASX Reserve Statements, Thailand
Perilya Limited Mt Oxide Mining Study
Platinum Australia Various Mining Works, Kalplats and Panton Projects
Signature Metals Engineering and Mining Works
Solway Industries Ltd Various Nickel Mining Works, Indonesia
Tanami Gold Optimisation, Design and Mining Studies, Coyote and Bald Hill Projects
TNG Ltd Conceptual Mining Study, Sandy Creek (Manbarrum)
